

BLOODMILKWATER

Tere tulemast kokteilibaari Blood Milk Water.

Meie inspiratsiooniks on kolm elu essentsiaalset elementi.

Oleme siin selleks, et pakkuda Sulle naudinguid ja ilu, millest lugu peame.

Tuled hämaraks, pianist alustab. Hakkad jooma Konrad Mägi maale.

Tere tulemast kokteilimaailma uude ajastusse.

Regeri, Martin, Mikk, Karl

WATER

See on kõige algus ja alus. Vesi on meie ümber kujul, mida me tihtipeale ei märkagi või märkame alles selle puudumist. See võib võtta vorme, mis meid jahmatavad, rõõmustavad või üllatavad.

"Näed, Valdis, selle künka taga nägi Vallo-ufot, kui ta peale pulmi ennast mällarisse jõi."
-Tulnukas ehk Valdise pääsemine 11 osas (režissöör: Rasmus Merivoo)

Proud Mary
Vürtsikas, tihke ja soolane. Kokteilide Kanye West- arusaamatu ja ülipopulaarne.
Cherry Pop! **
☐ Glitter & Tonic 9
dry vermut, džinn, valge vein, valge balsamico, toonik, spirulina
Sädelev, särtsakas ja ürdine. Gin tonicu woke sugulane.
Milky Way *
Aurav, marjane ja lilleline. On teaduslikult tõestatud, et universum on vaarikalõhnaline.
Disco Fever
Hapukas, mullitav ja aromaatne. 1970-ndad, New York, 42nd Street ja häbitu nauding.
→ Appletini **
Klaar, mahlakas ja ootamatu. Meeltemäng, kus näilisus põrkub tegelikkusega.

Aitäh, et olid meiega!
Blood Milk Water on saanud teoks läbi pikkade aastate,
kuhu on mahtunud unistamised, loobumised,
entusiasmipuhangud, piirangud ja eneseületused.
Kui Sulle meie juures meeldis, siis jaga oma kogemust julgelt.
Hea sõna on meile kütuseks.

Järgmiste kordadeni! Regeri, Martin, Mikk, Karl
